## ...त्यांनी अवकाश भ्रमंतीची स्वप्न पाहिला!

पणजी, ता. १९ (प्रतिनिधी) विमानाला आकाशात उडताना पाहिले, की देशातील अनेक मुलींची मनेही विमानाच्या दुनियेभोवती फिरत असतात. कोणाला वैमानिक व्हायचे असते, तर कोणाला हवाई सुंदरी, अभिरंता इ.. लहान वयात मुलींना पडणाऱ्या या स्वप्नांना 'गल्स इन एव्हिएशन डे'च्या निमित्ताने आयोजित कार्यक्रमातील मार्गदर्शन लाभले, तेव्हा त्यांनी अवकाश भ्रमंतीची स्वप्ने पाहिली.

'वूमन इन एव्हिएशन इंटरनॅशनल' इंडिया आणि भारतीय वायू सेवा प्राधिकरणातर्फे पणजी येथे आयोजित कार्यक्रमात ज्या मुलींना मोठे ज्ञात्यानंतर वैमानिक सेवेत रुजू व्हायचे आहे, अशा १३ ते १५ वर्षांच्या मुलींसाठी या खास कार्यक्रमाचे आयोजन करण्यात आले होते. विमानाशी निगडित असणारी प्रत्येक नोकरी

### 'गल्स इन एव्हिएशन डे'निमित्त मुलींना मार्गदर्शन

पणजी : भारतीय वायू सेवा प्राधिकरणाच्या विशेष कार्यक्रमात राज्यपाल मृदुला सिन्हा यांच्यासोबत फिल शॉ, राधा भाटिया, बीसीएच नेगी व मान्यवर.

आणि त्यासाठी लागणारी पात्रता तर येथे सांगण्यातच आली, पण येथे मुलींना मिळालेल्या आत्मविश्वास आणि प्रेरणेमुळे गगनाला गवसणी घालण्याचे बळ त्यांच्यात आले. या कार्यक्रमाला राज्यपाल मृदुला सिन्हा, वूमन इन एव्हिएशन संस्थेच्या अध्यक्ष राधा भाटिया, फिल शॉ, बीसीएच

नेगी आणि विविध पदावर विमान सेवेत रुजू असणाऱ्या तरुणी उपस्थित होत्या.

भारतासारख्या देशात कल्पना चावला, सुनीता विल्यम यांच्यासह हल्लीच शोडाच्या नौकेतून जगभ्रमंती करून आलेल्या तरुणींचा वारसा आहे. विमान सेवेत महिलांना अनेक

संधी असून अनेक संधींची माहिती महिलांना नाही. भारतात पायलट म्हणून काम करणाऱ्या महिलांचा आकडाही वाखाणण्याजोगा असून हा आकडा अधिक व्हावा आणि अधिकाधिक सर्वसामान्य मुलींनी पुढे यावे म्हणून आम्ही कार्यरत असल्याचे राधा भाटिया म्हणाल्या.

### पुरुषांचे अनुकरण नकोच...

महिला पुरुषांपेक्षा कितीतरी जास्त पटीने सक्षम आहेत, त्यामुळे प्रत्येक बाबतीत पुरुषांचे अनुकरण करणे चुकीचे आहे. पूर्वी महिलांना चार भिंतीच्या आत ठेवले जात असे, पण आता परिस्थिती बदलली आहे. बदललेल्या परिस्थितीत स्त्री प्रत्येक क्षेत्रात आपला ठसा उमटविताना दिसून येत आहे. समाजात होत असणाऱ्या बदलांचा उपयोग ती स्वतःच्या क्षमता वाढविण्यासाठी करून घेत आहे. महिलांची ही प्रगती कौतुकार्हण असून महिलांनी अशा विविध संधींचे सोने करण्यासाठी आगेकूच करायला हवी, असे राज्यपाल म्हणाल्या.

In June this year, Yes Bank's shareholders had approved the re-appointment of Rana Kapoor as the CEO and MD for three years, subject to final approval from the RBI. His present term ended on August 31. However, the RBI had allowed him to continue till further notice.

Ex Business School of UK will be hosting a two-day international conference on 'Entrepreneurship as Empowerment', which aims to promote entrepreneurship in Goa while protecting environmental and cultural sustainability. The conference will be held at Goa University from September 21 to 22, 2018 and it will showcase success stories from Goa and have mentoring sessions too. About 237 people have already registered themselves to attend this.

"We are not charging a participation fee from any Goan. However, we are having participation fees for those attending the programme from outside Goa. The conference will have sessions as creative economy, grass-root entrepreneurship, green economy and sustainable data management, tourism etc. We have invited leading entrepreneurs from India and experts from abroad who will share their experiences and help participants during mentoring session," said the founder Director of Banglanatak.com, Amitabh Bhattacharya in a press conference. Banglanatak.com is a social organisation with 102 members was founded in 2000 and over the last 18 years they have worked extensively in West Bengal, Bihar and Jharkhand. In West Bengal they are engaged with about 45000 artists and artisans. Both Amitabh Bhattacharya and Suman Mukhopadhyay are alumni of IIT Kharagpur and are venturing in Goa with the youth and helping them out by bringing in international experts at their doorsteps.

## Steep cost, lack of financial, infra support narrowing pilot aspirant pool in India

**Team Herald**

**PANJIM:** The high cost of training involved in training to qualify as a pilot has meant only members of a certain social class can aspire to be one. The reluctance on the part of banks to give loans and the absence of any help from the government for such training has meant it sometimes effectively ends the dreams of individuals.

Radha Bhatia, president, Women in Aviation (India Chapter) said "It will cost you around Rs 40 to 50 lakh to train and that is a lot of money. Middle class families cannot afford to pay such monies to train their sons or daughters to qualify as pilots. Yes, once you qualify and you are selected the salary is very good but the initial investment is very off putting."

Another problem she said was the presence of many schools in the country that were not recognised by the authorities which taught theory which was an important part of the education. The number of flying schools recognised by the Government which provided actual training experience she said could be counted easily. Around the world, 4% of the pilots were women with India leading everyone by miles at approximately 14%.

This number, Radha said was commendable but a woman could find her way in the world of aviation in various other sections like an Air Traffic Control officer or an engineer who checks the engines of the aircraft to cite a few.

The Women in Aviation International, India Chapter is looking around for organisations to donate funds to help young women achieve their dreams. Lockheed Martin India in association with Airports Authority of India (AAI) today celebrated Girls in Aviation Day at Goa Airport. With the vision to encourage girls to take up STEM subjects and explore career opportunities in related industries, the initiative is aimed at showcasing opportunities in the aviation and aerospace sectors. महिलांसाठी जास्त संधी नव्हत्या. आज प्रत्येक क्षेत्रात महिलांसाठी मोठ्या प्रमाणात संधी उपलब्ध आहे. महिला या संधीचा पुरेपुर फायदाही घेत आहेत.

अलिकडच्या काळात विमानचालन क्षेत्रात महिलांचा

मोठ्या प्रमाणात सहभाग आहे. राधा भाटीया म्हणाल्या, की विमानचलन क्षेत्रात करिअर घडविण्यासाठी मुलींनी विद्यार्थी वयातच पुढे यावे या उद्देशाने हा कार्यक्रम आयोजित केला जातो.

भारतात मोठ्या प्रमाणात महिला पायलट आहेत. मात्र, या क्षेत्रात

अधिक संधी उपलब्ध आहेत या माहिती अद्याप महिलांपर्यंत न पोचलेली नाही. मुलींनी विद्या दशेतच या क्षेत्रात यायचा विचार करावा व त्यानुसार शिक्षण घ्यावे.

कार्यक्रमात काही विद्यालयांत विद्यार्थीनिचा सहभाग होता.

### **AAI hired 2,000 female staff in last 5 years**

PANAJI: Airports Authority of India (AAI) has hired around 2,000 women air traffic controllers across the country in recent years, bringing the percentage of women in the field up to 10% from 1% five years ago, Goa international airport director Bhupesh C H Negi said on Wednesday. He was speaking at an event organised to mark Girls in Aviation Day by the India chapter of Women in Aviation International and aviation major Lockheed Martin India to encourage girls to take up careers in the industry.

“AAI is taking tremendous steps to improve the working conditions of women deployed across airports,” Negi said, adding that AAI recently became the first airport operator in the country to start recruiting women in rescue and fire services. “A woman from Kolkata was the first rescue and fire fighter to be recruited,” he told girl students of Std XI and XII at St Andrew’s Higher Secondary School, Vasco. He said the industry is not limited to subjects like science, technology, engineering and mathematics and there were other areas including commercial, ground handling and ticketing that offered opportunities for women.

The girls also met Lt Payal Gupta, who was among the first six-member, all-women crew in Asia, to circumnavigate the globe. 9/20/2018 ‘AAI hired 2,000 female staff in last 5 years’ Governor Mridula Sinha, who was also in attendance at the event, told the girls not to compete with men and reminded them they were special in their own right. “A woman is blessed in a special way to nurture families and contribute to society and the country. Today sky is the limit for women and they are going places,” she said, adding equal opportunities in education, health, etc are available for all in society.
